Supplemental Type Certificate

Number SR09434RC

This certificate issued to

REB Technologies, Inc.
530 Bedford Road, Suite No. 102
Bedford, TX 76022-6554

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 27 of the Federal Aviation Regulations.

Original Product -- Type Certificate Number: H9EU
Make: Eurocopter France
Model: AS350B, B1, B2, BA

Description of Type Design Change: Installation of Night Vision Imaging System (NVIS) compatible infrared filters in accordance with REB Technologies, Inc., Master Drawing List 98023502-2MDL, Rev. IR, dated November 15, 2004, or later Federal Aviation Administration (FAA) approved revision.

Limitations and Conditions: This STC is for the Eurocopter France, Model AS350B, B1, B2, & BA and is not to be used as the basis for follow-on approvals for other models. Installation of the NVIS compatible infrared filters does not include or imply approval for flight operations with Night Vision Goggles (NVG). The operator must receive approval from their FAA operational authority to operate with NVG. Any deviation to the cockpit/cabin configuration specified in the type design of this STC may affect the compatibility of NVIS and may require a re-evaluation for NVG compatibility by the FAA Aircraft Certification Office (ACO).

(See continuation sheet 3 of 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: November 15, 2004

Date reissued:

Date of issuance: January 07, 2005

Date amended:

By direction of the Administrator

Supplemental Type Certificate
(Continuation Sheet)

Number SR09434RC

Date of Issuance: January 07, 2005

Limitations and Conditions (Continued): Once the aircraft is modified with this STC, any future modification to the aircraft may also affect the compatibility of NVIS and may require a re-evaluation for NVG compatibility by the FAA ACO. Rotorcraft Flight Manual Supplement (RFMS) dated January 07, 2005, or later FAA approved RFMS is required. Instructions for Continued Airworthiness, REB Technologies, Inc., Document No. 98023502-2ICA, Revision IR, dated December 14, 2004, or later FAA accepted revision, is required for this installation. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written
